How do they confess?

♈ *Aries* ♈

America

Y/N and America went on a small walk around the park. They were simply talking about stuff and pointing out thing to each other here and there when suddenly, Y/N noticed a beautiful tree and asked if they could sit under the shade of the tree instead of the benches. America agreed, smiling.
They went towards the tree and just when Y/N was about to sit down, America cleared his throat, demanding attention. Y/N quickly looked at him and he started stuttering out "Y-Y/N..I uhm..I- l-like yo-" Y/N cut him off by simply kissing him. A few seconds later they parted and America looked speechless. Y/N giggled and hugged a tomato red America.

♉ *Taurus* ♉

Canada

Canada and Y/N were sitting in Y/N's house on her couch. Canada was nervous and he kept on fiddling with his fingers and deeply breathing. Y/N noticed this and asked if something was wrong. Canada looked at Y/N narrowing his eyes a little, furrowing his brows.
Y/N worriedly placed a hand on his shoulder and the white part on Canada's face turned red.
"Are you okay, nada?" Y/N asked, getting more worried.
Canada shut his eyes tight and leaned in quickly towards Y/N and kissed them. Y/N's eyes widened but quickly closed as they kissed back.
Canada seemed a little surprised but it was okay with him.
They parted a few minutes later and Y/N smiled.

♊ *Gemini* ♊

South Korea

Y/N and South Korea were listening to some K-Pop, sharing earbuds in the South's room in the evening. :3
It all of a sudden started raining outside, taking Y/N by surprise. (OML, "by" autocorrected to "naked". Send help-)
The lightening struck a nearby tree making a loud noise which made both South and Y/N jump.
They only realized a few seconds later, how close they were and how Y/N was leaning their head against South's chest.
South chuckled as Y/N tried to hide their now red face in the long sleeves of their oversized sweater.
The rain got worse, making the lights go out.
Y/N screamed.
South tried to calm them down by holding their hand and saying things like "Calm Down!" And "It's just me!" But they snatched their hand out of his grasp and screamed "STAY AWAY FROM ME, ROACH!" South started laughing his head off and said "Calm down! 그냥 나야!" (It's just me!)
Y/N let out a deep breath and laughed a little sitting back next to South.
Instead of sitting next to him, Y/N fell on him. They squealed but South, slowly leaned in. It was lit enough for Y/N to make out South's face slowly leaning in towards their face. Their faces being only inches away, Y/N simply broke the gap by kissing South.
South kissed back.
They parted 2 minutes or so later. They opened their eyes just to realize the lights were back and Japan squealing and falling off a tree next to the window in South's room.

♋ *Cancer* ♋

North Korea

North Korea was over at Y/N house to watch a movie. He was quietly making popcorn when he heard Y/N squeal. He ran over to the hall to see what'd happen and he saw Y/N trying to get out of a blanket which they were stuck in. This made North chuckle.
Y/N heard him chuckle and quickly popped their head out of the

blanket to atleast catch a glimpse of North smiling.
Seeing him laugh, Y/N giggled.
North slowly walked over to Y/N and helped them up, removing the blanket off their shoulder and head.
As North was removing the blanket, Y/N maintained eye contact with him.
He raised a brow but was taken aback when Y/N gave him a peck on the lips.
He whole face went red, eyes widened and mouth wide open.
Y/N chuckled and was surprised when North suddenly closed the 5 inch gap between their facing, by kissing them.
Y/N kissed back and they watched horror movies, cuddling.

♌ Leo ♌

Australia

Y/N and Australia were walking home from a park when suddenly a paper hit Y/N in the face. Australia started laughing his head off while Y/N stood there, frozen with the paper still in their face.
Y/N took a hand up and removed the paper, crumpling it and threw it in the dustbin nearby.
Australia finally stopped laughing and wiped an imaginary tear from his eye.
Y/N rolled their eyes and huffed.
Australia had a red hue on his face as well.
Y/N speaker up after a few minutes of awkward silence "So," they paused and spoke again "How about we go to my house and watch some movies..?"
Australia smiled and said "Sure!" And they started walking towards Y/N's house.
As soon as they got there, Australia got a call by someone.
He took out his mobile from his pocket and answered it "Hello?..Yeah..Uh-huh..wait what- I don't think I can come-" He paused and sighed "Fine."
He turned to Y/N and said "I gotta go..America says that Canada got his head stuck in the staircase railing."
"Oh--" Y/N laughed.
Australia was about to leave when Y/N pulled his back and kissed him.

Australia was surprised at first and looked at them, wide eyed then kissed them back.
They parted after few minutes.
Y/N looked away blushing, very embarrassed.
Australia placed a kiss on her head and said "Canada's probably crying right now." And hugged them.
Y/N laughed and hugged him back.

♍ *Virgo* ♍

Ukraine

Ukraine and virgo were in the flower field making flower crowns for each other.
Virgo got up and ran to get new flowers and fell face first.
Ukraine got up and ran up to Virgo, worriedly.
"A-are you okay? Did you get h-hurt?!" She asked, worry filling her soft voice.
Virgo got up and smiled.
"I'm fine, Raine. Don't worry."
That's when Virgo noticed that Ukraine had a huge red hue on her face.
Virgo smiled and said "You okay? You seem red,"
"I-i'm fine, v-virgo!"
They went back to their sitting area, collecting a few flowers before doing so.
They sat back down and started making their crowns.
A few minutes or so later, they were both done. Virgo placed the flower crown she made on Ukraine and Ukraine placed hers on Virgo.
They both smiled at each other.
Virgo slowly started leaning in and so did Ukraine.
It wasn't long before their lips collided in a soft kiss.
A minute later, they parted for air and Ukraine said "I love you, Virgo,"
"I love you too, Raine."

♎ *Libra* ♎

Russia

Russia and Libra went to a bar to have some drinks.
They were having fun and all when Libra got TOO drunk.

Russia said "I think we should go home, you're way too drunk, anyways."
"I aM nOT dRUNk~" Libra said, all their words slurred.
"C'mon, Libra." Russia said, laughing.
"nU- bIsH yOu Ain'T mAh mOoooMa-"
Russia chuckled, grabbing Libra's hand.
Libra screamed "PIGGY BACK RIDE!"
And Russia laughed and had them climb onto his back.
As they walked out of the bar, Libra was screaming "GO HORSIE!"
The whole time.
Russia walked to Libra's house, with Libra on his back and dropped them when they got there.
Libra looked at Russia with half closed eyes.
Russia leaned in slowly.
The gap between them broke when Libra pushed their face further into Russia's.
Libra kept laughing in between the kiss, if you know what I mean -w-.
They parted after 5 minutes and Libra hugged Russia.
Russia hugged them, placing a kiss on their head and rested his head on top of theirs.

♏ *Scorpio* ♏

UK

UK and Scorpio were having a little tea party. (LmAo-)
Scorpio decided to mess with UK by slumping back in the chair and pulling their pinky find back in.
UK noticed this smiled.
He got up from his chair and walked up, behind Scorpio.
He held their shoulders softly and pulled them up. He held their hand and pulled out their pinky finger.
Scorpios face flushed red while UK's turned purple.
Scorpio placed their cup down, got up and faced UK.
They leaned in and their lips met in a passionate kiss. (I'm cringing hard while writing this help)
They parted after a few minutes and looked into each other's eyes.
UK smiled and Scorpio smiled back.

♐ *Sagittarius* ♐

Sweden

Sweden had takes Sagittarius to IKEA for some reason we may never know about.
They were walking around when they decided to take a selfie.
As Sagittarius took out their phone and took a picture, Sweden quickly put up two pingers behind their head.
Sagittarius laughed at his silly behavior but quickly felt pinned to a wall, trapped between both Sweden's hands.
Sagittarius's face flashed red.
Sweden slowly started leaning in and Sagittarius shut their eyes tight waiting for impact.
Their lips met in a soft and gentle kiss.
They parted a 3 minutes later for air.
Sweden smiled nervously and took his hands away from the wall, letting Sagittarius go free.
Sagittarius gave him a peck on the cheek and and smiled.
Then they just ran around IKEA messing with people.

♑ *Capricorn* ♑

New Zealand

New Zealand had taken Capricorn to the zoo.
They were walking around looking at animals when they decided to sit down for a while.

They sat down and Capricorn started viewing the pictures they had taken, New Zealand peeking from the side.
Both of them realized how close their faces were and turned red.
New Zealand looked at Capricorn, slowly leaning in. Capricorn looked at him and started slowly leaning in as well.
It wasn't long before their lips collided in a gentle kiss.
A few minutes later, they parted.
New Zealand blushed a vibrant red, turning his face purple.
Capricorn chuckled and pulled him in for a hug.
He smiled and accepted her hug, still purple.
Japan fell from a tree again, squealing.
Her hand has now been broken twice.

♒ *Aquarius* ♒

Japan

Japan and Aquarius's were sitting in Japan's house, watching anime (ofc)
It wasn't long before Aquarius suggested that they should watch a horror movie.
The white part on Japan's face turned a little red as she agreed, looking them in the eyes.
Then Japan got up and said "I'll go get myself some water,"
"Alright."

Japan came back a few seconds later and saw that Aquarius had picked out a few movies and wanted to ask Japan.

They finally decided the movie.
It was IT.
Japan had never watched it so they thought, why not?
Everything was going Ok, except for Japan squealing at a few scenes.
Aquarius laughed and they kept on watching the movie.
The movies was about to be over, about 20 minutes were left when Japan suddenly started cuddling with Aquarius.
Aquarius smiled and blushed, making Japan blush.
They cuddled for a while when Japan quietly leaned in onto Aquarius's face and gave her a gentle kiss on the lips.
Aquarius kissed back.
They watched another movie after that, cuddling.

♓ *Pisces* ♓

India

India was walking around the park, upset because of Pakistan fighting with him all the time and Sweden just teasing him.
He was mad and had an angry-sad expression on his face.
He saw Pisces walking over to him with a big smile on their face.
India smiled and his anger and sadness slowly faded away.
Pisces came up to India and hugged him and exclaimed "Long time no see!"
India laughed and said "Yep,"
They talked to each other for about a while.

"So, what did you want to tell me?"
Pisces asked him.
India all of a sudden started blushing madly.
He started stuttering out "I-I wanted to t-t-tell you th-that," he paused, taking a deep breath before starting again "I..I- I just like you, okay?!" He said and immediately hid his face in his hands.
He looked over a Pisces, seeing them stand there speechless.
"Look, I know you don't feel the same but I just wanted to let you know, that I liked you.."
"I-I.." Pisces said and suddenly, kissed India.
He was surprised by the fact that Pisces had just kissed them, but kissed back.
After a minute or so, they parted.
Pisces gave him a gentle smile and India smiled back.

Last time I checked, which was yesterday, this book was at 99k reads. But like- 100k?
How the frick did that even happen, I'm s h o o k e t h.
Thank you so much, I literally don't have words, and idk what to say lflwpajsj-
Anyways, this chapter is not only for me freaking out, but also because I need some help-

So, the last time asked you all to request, many of you gave a lot of ideas, which I'm very thankful for. But I'm starting to run out of those.
And I have no fricking idea on what to do for the 100k special. Could y'all leave some ideas for the special, and for maybe some future chapters..?

I'd be really happy if you could-
Thank you for hanging on with this hellhole of a book, and supporting it.

And again, thanks a bunch!
Have a good day, stay safe, and remember to wash your hands!
~Author-chan.

100k+ special

^^^ There's Namjoon giving you your daily dose of love
So- this was an idea given by:-
SeasonedRatMeat
Thanks a bunch for the idea!
Now on with the chapter.

°.°

Silence filled the house of the zodiacs. Everyone was either in their room, or in some other part of the house, doing their stuff peacefully and quietly.
Until a scream was to be heard.

"GEMINI!" Gemini tensed up, hearing her name being called by a oh so familiar voice. Cancer slowly walked into the living room, glaring at the zodiac who was only trying to read a book.
Gemini gave a nervous smile and put her book aside. "Did you need anything?" she asked, pushing her feet off the couch.
Cancer's eye twitched slightly, as she made her way towards the other zodiac.

"Did you eat my ramen?" She asked in an ever so threatening voice.

Gemini just stared at her, processing what she heard, before bursting into laughter.
Cancer's little frown increased.
Gemini collected herself, and cleared her throat.
"No, I didn't." she said blankly.
"Oh, don't you dare lie to me, I know you did!" Cancer argued to which Gemini face-palmed.
"What part of "I didn't" do you not understand?" Gemini asked, getting slightly annoyed.

The two kept arguing, while two other zodiacs made their way inside the living room.

Taurus and Aries.
"What's goin' on here?" Aries asked, walking towards the two.
"Gemini ate my ramen!" Cancer yelled.
"I didn't, what else do you want me to say?!" Gemini protested.
Cancer glared at Gemini, on the verge of just tackling her to the ground.

Aries was about to speak up, when small footsteps were to be heard.
The 4 turned towards the arched doorway, seeing Aquarius with a bowl of ramen. Cancer's eyes widened, while Gemini just smirked.
"I told you!" She said with a grin.

"I'm giving you three seconds to run before I break you kneecaps."
Cancer said to which Aquarius just ran off, soon being followed by Cancer.
"AQUARIUS, YOU'RE SO DEAD!" Cancer yelled.
The zodiac just chased the other around the house until both were tired.
Taurus sat down on the couch and groaned. "I'm boreddd," she mumbled.
Aries' eyes lit up, as he stood up from the couch. "We could go to the beach!"
He suggested, to which the Taurus grinned. Gemini looked at the two with a frown. "Have you forgotten? About quarantine?" She asked, narrowing her eyes ever so slightly.
Taurus sighed and let her head hang back.

Aries looked away, his hand on his chin. He tried to think of an idea, and smiled once he did.

"Hey, Taurus, remember when we once went to a weird shop?"
Aries asked. Taurus nodded slowly, a bit confused. "Yeah, what about it?"
"And you sneaked a Ouija board home?" he asked, grinning again.
"Yeah?" Taurus asked, before realizing.
"Ohhhh!" Taurus said a bit dumbfounded, though she was getting a tad excited again.
Aries simply nodded.

|~ *Smol time skip* ~|

Every zodiac was now scattered across the living room.
The only ones around the Ouija board were Libra, Taurus, Aries, Aquarius and Scorpio.
The rest of the zodiacs were either sitting on the floor, or the couch.
As they were about to start asking question, a loud, ringing sound was to be heard. They all started looking around frantically until they spotted a rift, up on the ceiling.
A few screams were heard, and then a loud bang.
A few figures fell from the rift, which then closed up.
The zodiacs did nothing but just stare at them, clearly terrified.
The figures that dropped from the rift slowly got up, revealing their faces which looked like.. Flags?

~
I might continue this-
And it came out a bit late, I'm really sorry 'bout that :')
Just lemme know if you want me to continue this-

A/N

This is just a tiny little A/N I'm making-
So, the reason I made this, is to let y'all know that the countries I shipped the zodiacs with are going to change up.
For ex: UK will disappear because he's fricking old.
I probably should've put this A/N with the 100k+ special I made before this, but I forgot so yeet.
And uh, yeah-
That's all, thank you for reading :')

100k+ special pt. 2

i'M aLiVe

•~•~•~

"We know who you are, we can tell by your flags." He stated, crossing his arms.
The countries stood there, dumbfounded before chuckling nervously. "So, uh.. Who are you guys?" One of them questioned.

"We're zodiacs," Cancer spoke up. All of the zodiacs smiled and gave small waves to the countries in front of them. The zodiacs introduced themselves, and everyone was somehow getting along with eachother.

Welp, this isn't as bad as it seemed..

^~^~^~

⚠IMPORTANT⚠

Some of you might be knowing this, but for those of you who don't, please read. I'm posting this here since it's my most viewed book.

So by June 1st, a huge group of 4chan Nazis will be raiding apps like Twitter, TikTok, YouTube, Instagram, etc. Those are just the bigger targets, I'm pretty sure they'll be targeting other apps as well.

I really don't know how to explain this, but I'm doing this just to make sure you're all aware about this.
I'll start from the beginning.

So once again, a bunch of 4chan Nazis will be raiding apps. They're gonna be making random accounts and they'll be sending some extremely disturbing, and sexual content about the LGBT community. Even death threats. Their main targets is the community itself, *and* the supporters.
From what I've heard, this is supposed to get worse and worse throughout the whole month.

I suggest all of you twitter users out there to make your accounts private and turn off auto play. And you probably shouldn't follow back anyone. Do NOT click any sketchy looking links you receive, or reply messages from the people you don't know. Whether it's on Twitter, Instagram or Wattpad.
Since our Countryhumans fandom is a huge supporter of the lgbt community, they ***might*** target us as well.
Remove your pronouns, anything that indicates you're a part of the community or a supporter of it from your bio.
That's the best we can do.
Oh, and if you see someone who seems to be one of these raiders, report and block them. Post an announcement about them if you can, so that everyone else can do the same and be aware of it.

I'm really fucking disgusted by these people, honestly.. The audacity

that they have to do this is just- wow.

Anyways, tag people in the comment section as well, so that they'll know of this as well.
If there's something I haven't included, let me know and I'll put it as well. please follow the stuff I've listed above, and stay safe!
Have a good day/night, wherever you are.
